

Period: 01.01.2021 - 30.06.2021

User types: PC, Mobile, Tablet, Smart TV

Browsers: Other, Chrome, Firefox, Opera, Safari, Internet Explorer, Edge, Samsung Internet, Facebook, Facebook Instant Article, Instagram, Android WebView, IOS WebView

Operating systems: Other, Windows, Mac OS, Linux, Android, IOS

Countries: All countries

Target groups: None

\* User statistics (Unique users, Exclusive users etc.) calculated for total rows not representing day, week or month (i. e. 13 days) are approximated using a linear approximation from the closest time frames (i. e. for 13 days, an approximation from the level of week to the level of month is used). For this reason, user statistics representing those total rows are not as precise as user statistics for day, week or month.

IZVOR: DOTMETRICS, srpanj 2021.
